## IEEE International Power Electronics Congress Celaya, México, October 17-22, 2004

**Organizers:**

Instituto Tecnológico de Celaya

CENIDET

IEEE Section Morelos -Power Electronics Chapter

Sociedad Mexicana de Electrónica de Potencia SOMEP

**Co-sponsored by:**

IEEE Power Electronics Society-PELS

### Call for Papers

The Technical Program of the IX IEEE International Power Electronics Congress-CIEP'04, wishes to invite technical papers for the 2004 issue of the event, which will take place in Celaya, Mexico.

The CIEP'04 is requiring original work in all areas of power electronics, including the following:

**Topics:**

1. Motion Drives and Motion Control
2. Simulation, Modeling and Analysis
3. DC to DC Converters
4. Industrial Electronics
5. Electronic ballast
6. Test and Measurements in Power Electronics
7. Computer Applications in Power Electronics
8. Control Theory Applied to Power Electronics
9. Power Semiconductors Devices
10. Power Factor Correction
11. Active Filters
12. Thermal Problems
13. Other related topics

### Abstract requirements.

Prospective authors should submit a four copies of five page digest (without authors names and affiliations), including four copies of an abstract with no more than 100 words to the Organizing Committee for consideration as part of the technical program. The abstract must include the paper title, name(s) and affiliations of the author(s): the mailing address, telephone and fax numbers, and e-mail address of the corresponding author if available. The digest should clearly state the purpose and contribution of the work, specific results and methods used.

Paper submissions will be accepted electronically through the web site. Instructions to submit abstracts and digests will be posted on the web site.

### Deadlines

Submission of abstracts & digests	January 30, 2004
Author Notification of acceptance	April 26, 2004
Submission of final manuscript	July 15, 2004.

### CIEP'2004 Organizing Committee Mailing Address
